### Gratitude for Good Performance

November 18, 2014

Project Name : Saudi Aramco Third Party Cogeneration Projects

Company : Earth Gift Co., Ltd.

Dear Mr. Mujahed Saleh Abbas,

Thank you for your company's kind cooperation.

During my visit to the Aramco Co-Generation Project as regards the Abqaiq site, it was reported by Samsung's Construction Manager that your labour force are making concerted efforts to meet the requirements of the civil construction programme and also with regards to good safety and quality.

As CEO of Samsung Engineering Co. Ltd., I would kindly express my gratitude for your company's good performance to date in respect to this site which I would expect to continue throughout your contract works until completion. This would then serve as a basis for good relations with your company as regards potential future projects.

Sincerely yours,

*C. H. PARK*

## Quality Objective

EARTH GIFT's goal is to identify and document all the systems and procedures required to effectively complete this project from concept to completion. In order to achieve such goal we will implement the following:

### An Efficient Quality Management System

EGCL has developed Quality Management System to ensure effective and efficient operation of the company in achieving the needs of client with outmost satisfaction.

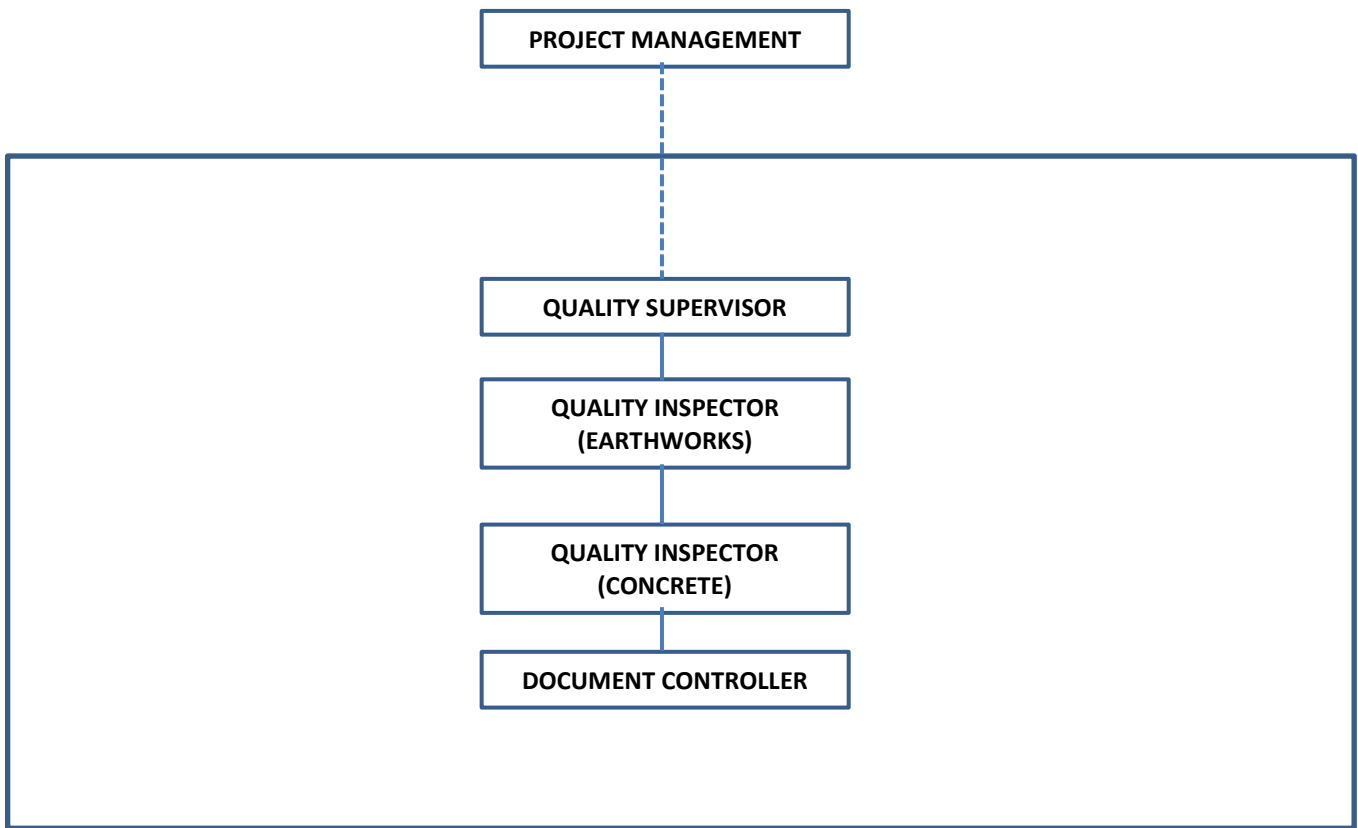

This Quality Management System is in accordance with ISO 9001:2008

### A Strong and Competent Personnel

EGCL has assigned Quality personnel that will ensure Quality System is established, maintained and implemented.

## QA/QC Organization

## Responsibilities

### Site QA/QC Supervisor

Ensures compliance by the site Civil Section to the approved project ITP and associated documents. Monitors the QC personnel in their daily functions and conduct reviews of documentation and inspection / verification activities. To lead civil disciplined QC inspectors to achieve compliance with specified requirements ensuring quality records are prepared, approved, collated and securely maintained. Ensure that the approved quality system is effectively and efficiently implemented.

### Quality Control Inspector

Monitors daily civil activities and verifies compliance to ITP and associated documents. Prepare daily documentation and final acceptance reports where required. Maintains close working relationship with customer representatives.

شركة هبة الأرض المحدودة  
**Earth Gift Co. Ltd.**

C.R. No.: 2051032564  
Paid Capital: 5,000,000.00

---

## Effective Monitoring, Measurement and Control

EARTH GIFT has prepared procedures to monitor measure and control the Quality of construction operations to ensure that the requirements of client and project specification are achieved. Any activities not attainable shall be provided with appropriate corrective actions.

Evidence of conformity shall be affirmed and maintained through test and inspection during receipts of the material, installation and once completed. Appropriate physical inspection, testing, review of records shall be conducted by qualified QC Inspector with the presence of client authorized representative.

Result of inspection and acceptance shall be recorded and maintained.

**H.S.E**

## HSE Objective

EARTH GIFT's HSE PRIMARY GOALS for the PROJECT

- √ ZERO INCIDENTS / INJURIES / ILLNESSES
- √ ZERO PROPERTY DAMAGE
- √ ZERO ENVIRONMENTAL INCIDENTS

### INCIDENTS RATES GOALS

CLASSIFICATION	RATES
LOST TIME INCIDENT (LTI)	ZERO (0)
TOTAL RECORDABLE CASE (TRC)	0.25
RESTRICTED WORKDAY CASE (RWC)	0.20

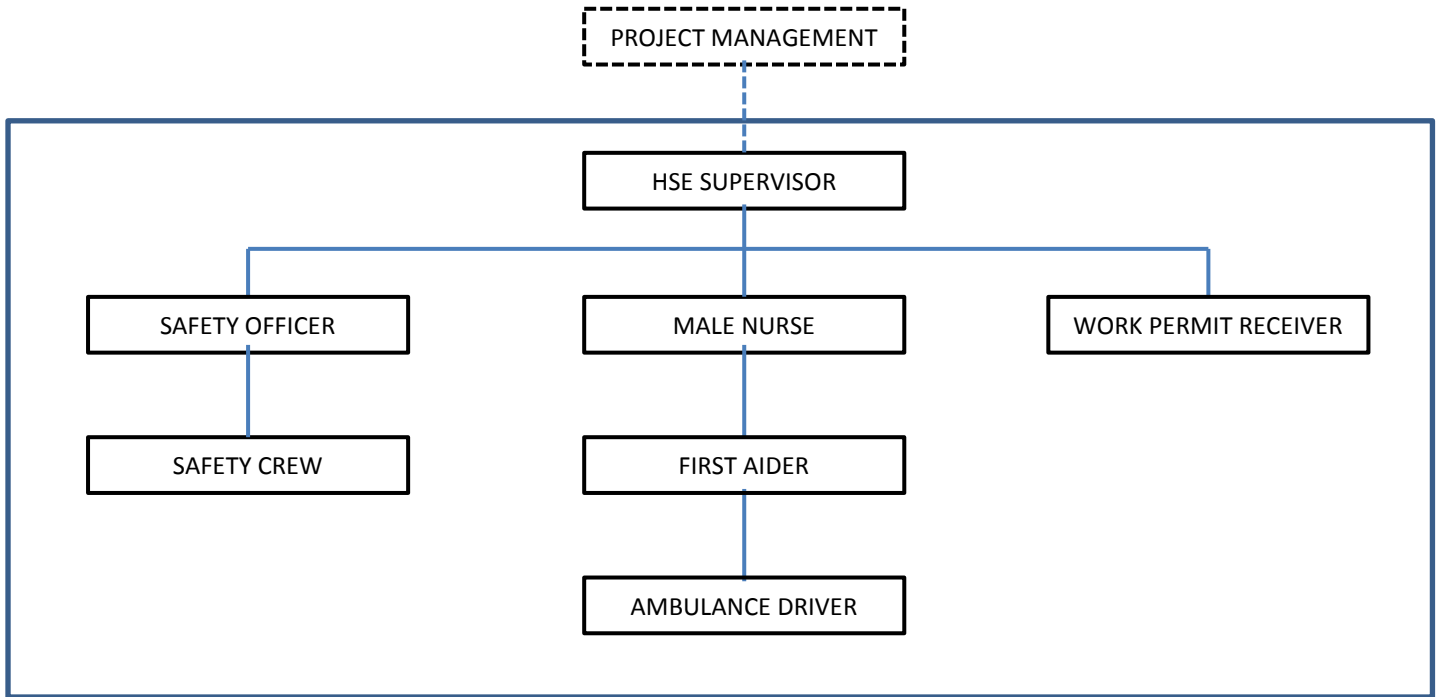

## Tool Box Meeting

Safety supervisor shall conduct daily TBM with workers and shall maintain proper record of meeting. The topics for TBM shall include, but not limited to:

- Highlight identified hazards and deviations during inspection
- Countermeasures for prevention of recurrence
- Safety reminders to constantly remind workers on safety rules and regulations
- Any forth coming safety event/instruction/orders, etc
- Equipment HSE that using in the day work
- Tools and personal protective equipment
- Safe guarding and installations

## Safety Organization

## Responsibilities

HSE Management is responsible for ensuring that the overall Project is executed fully in accordance with applicable HSE requirements. Specific requirements include but not limited to the following:

- Ensuring that adequate resources are assigned to all phases of the project to enable HSE objectives to be met.
- Ensuring that safety standards of the Client are met in full accordance at all times.
- Ensuring that the project activities are carried out as per the Client's safety requirements.
- Ensuring that the Project HSE Policy, Plans and procedures are established and implemented
- Reporting any incidents to corporate management and to Client/Owner
- Fire Prevention and fire-fighting-in-construction and commissioning operations
- Health and hygiene of the employees
- Environment
- Housekeeping
- Implementation and enforcement of the Site Safety Program at site

## Job Site Safety Awareness

EARTH GIFT employees prior to deployment in the field will be made aware of prevalent danger at site.

It is necessary to prevent development poor work habits that always result in an injury rate increase and a quality and productivity decline. To this purpose EARTH GIFT shall include in its Safety Program, motivation Plan indented for keeping employees aware of the health, safety, and environment issues.

This Motivation Plan will include at least:

- Bulletin board inside and of EARTH GIFT Site offices to post general information on safety statistics and notices.
- Safety signs, posters, Warnings, etc.
- Disciplinary actions in case of non - observance of safety rules
